The Decision Matrix

IIM Principles

- **The Right to Support** - not 'deserving and 'non deserving.'
- **Builds Capacity** - develops knowledge, skills & confidence to access mainstream resources beyond those available through the Department of Child Protection.
- **Responsive** - timely & responsive to short term hiccups that can have long term consequences.
- **Does not duplicate existing resources** - funds that can be met elsewhere should be met elsewhere (mainstream resources, public services, rapid response).

Invest In Me Practice Guidelines

Are one or more of these true?

Impact	Funding Source
Has a +ve impact on one of their life domains.	There is no alternative funding source.
Leads to a successful outcome of one of their goals.	It is an emergency. [there is immediate risk to the young person's safety or health.]
Reduces risk.	The young person does not have capacity to pay some or all cost.
Decreases disadvantage.	There is no other alternative option. eg. Car vs public transport
Increases health and wellbeing.	There is no other alternative service or support. [Legal Aid, Medicare, Workforce Australia etc.]
Increases the YP capacity. (skills and Knowledge)	An unplanned event in the person's life requires a timely response.
Encourages and increases interdependence	Is it a large cost that has been committed to previously in Leaving Care Plan
